ZERO IS YOUR HERO

In a market crash, traditional accounts drop. Your IUL account balance stays exactly where it is. You lock in your gains and start the next climb from the top floor.

# VERSATILE BUSINESS USES

**Capital Reserve:** Build a tax-free cash reservoir that outperforms business checking while staying liquid for inventory or repairs.

**Living Benefits:** If you get sick or injured, access your policy value early to pay overhead while you recover.

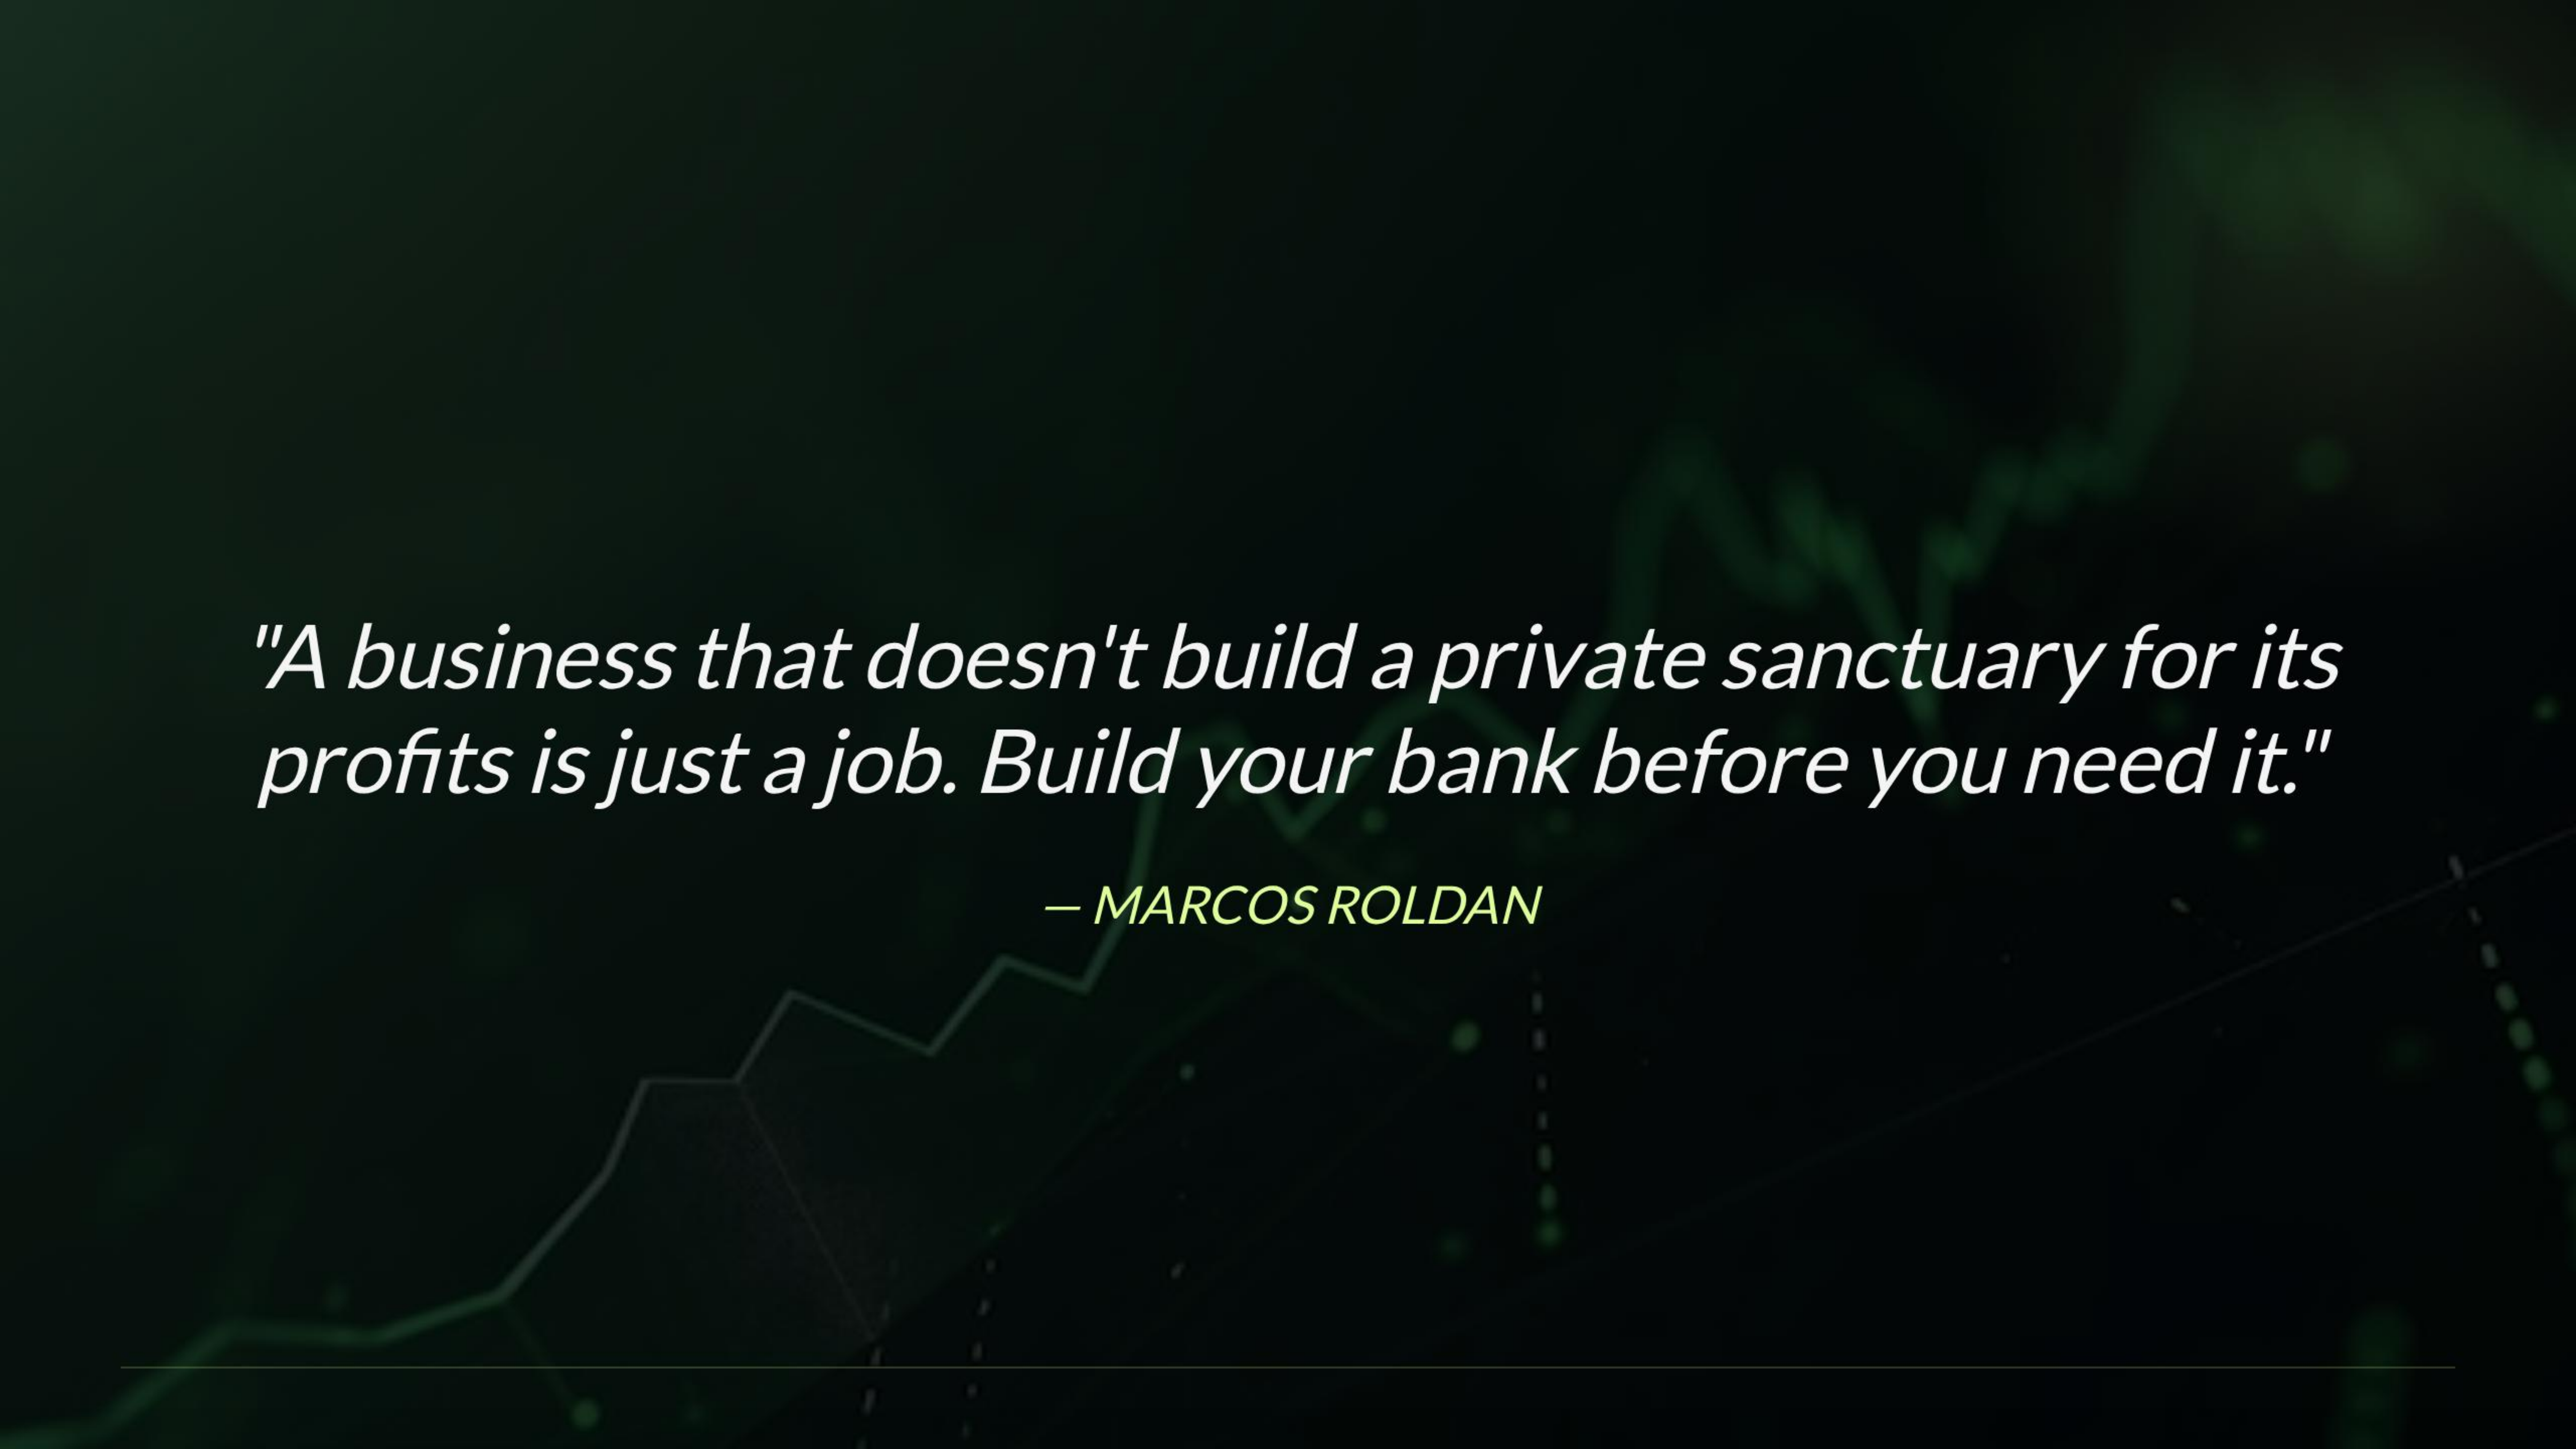

**Key Person Support:** Protect the business if a vital team member or the owner can't be there to steer the ship.

**Succession Plan:** Ensure your family gets the full business value they deserve through funded buy-sell agreements.

*"A business that doesn't build a private sanctuary for its profits is just a job. Build your bank before you need it."*
